

JH Design Detail Parts

Welcome to the JH Design May 2023 catalogue*.

At JH Design, I'm passionate about enhancing the details and accuracy of railway modelling. As a small business, I take pride in our meticulous attention to detail and strive for perfection in all my work.

As an engineer with a keen eye for detail, I started drawing and 3D printing parts to enhance existing kits, always striving for accuracy. All my products are designed and printed in-house, using prototype drawings or physical measurements to ensure precision. I print parts on demand, so you can be sure you're getting a high-quality product.

At JH Design, I'm always up for a challenge! If you can't find what you're looking for in my catalogue, don't hesitate to get in touch. I offer custom design, drawing and printing services, and I'm happy to provide a quote on request.

Thank you for choosing JH Design for your modelling needs. I look forward to helping you achieve the perfect level of detail and accuracy in your models!

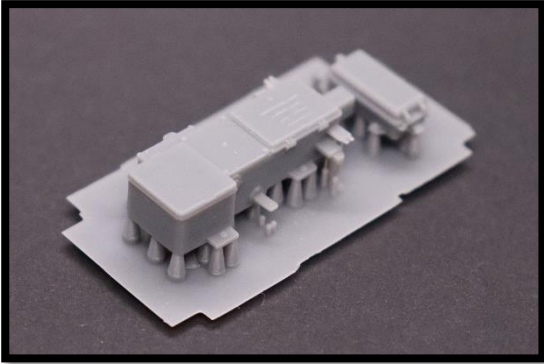

Kind regards,

Jason Horne.

Notes:

- All items in this catalogue are currently 1/64 scale.
- Items will be supplied with printed supports in place to ensure safe delivery. The purchaser is responsible for removing these supports for installation.
- For locomotive detail parts some modification may have to be made to print or model to make parts fit due to the variability of white metal casting.
- To remove parts from print supports its recommended to use a razor saw as clipper may chip and break parts.
- Wash parts in warm soapy water after sanding and prior to painting.

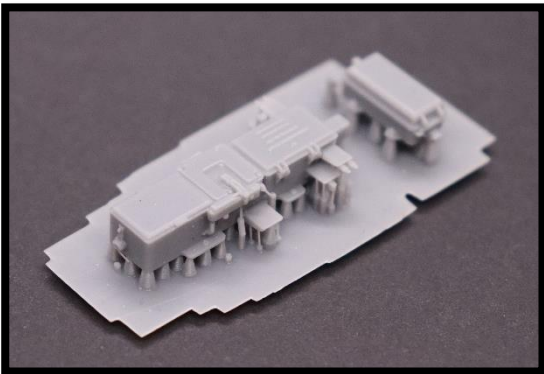

Point Machines

PM 1

Westinghouse Brake and Signal Co,
M point machine and electrical connection box

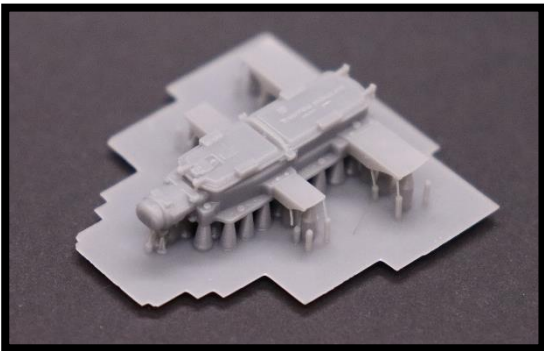

\$12.00

PM 2

Westinghouse Brake and Signal Co,
M3 point machine and electrical connection box

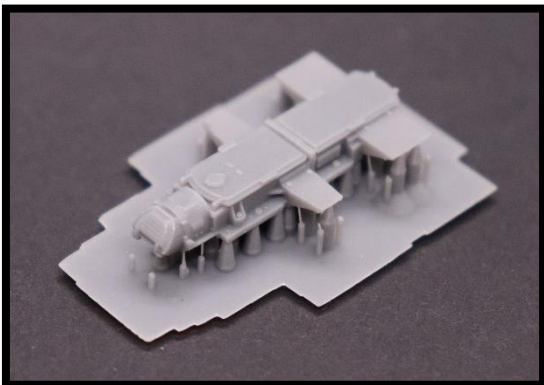

\$12.00

PM 3

Nippon Signal Co Ltd,
Series KA1205 point machine

\$12.00

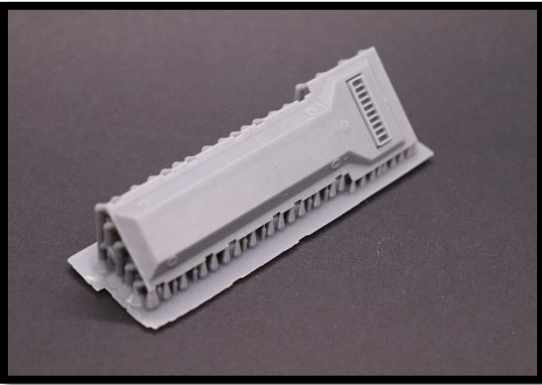

PM 4

Metropolitan-Vickers-GRS Ltd,
5A point machine

\$12.00

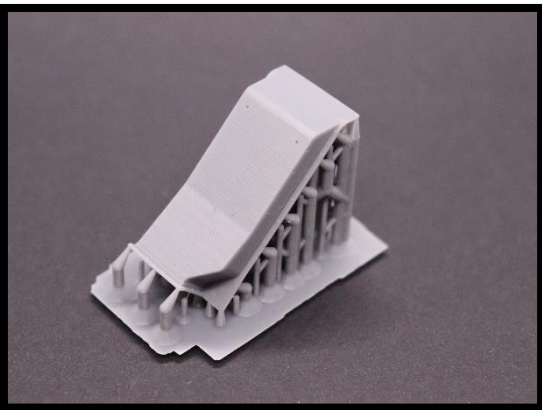

Locomotive detail parts

Dft 1

Dft engine and exhaust hood

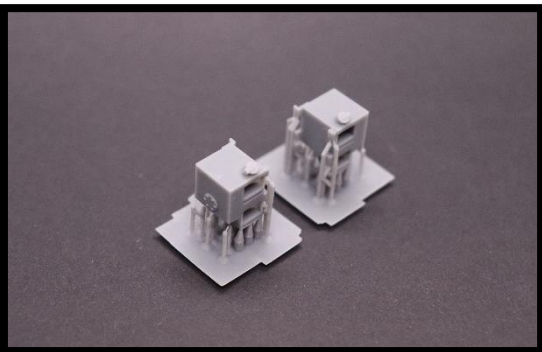

\$20.00

Dft 2

Dft Blower bulge

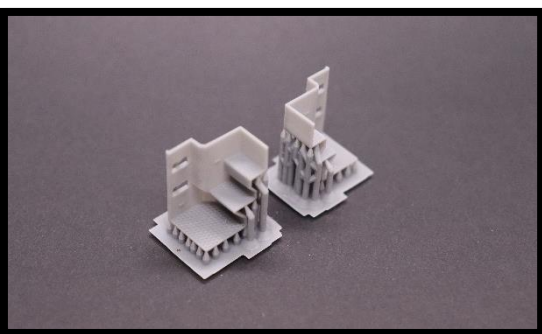

\$15.00

Dft 3

Dft Sandbox's
Set of 4

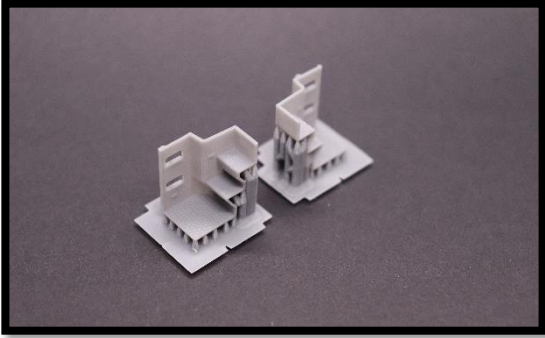

\$20.00

Dsg 1

Dsg shunters refuge's
Set of 4

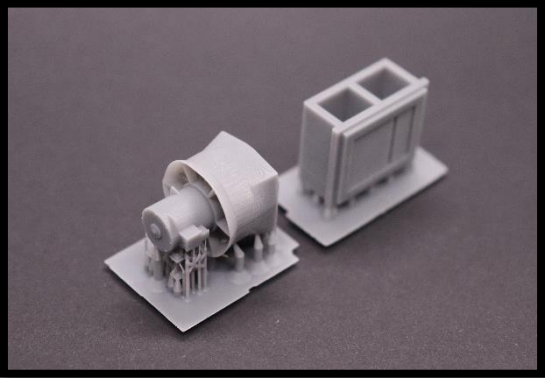

\$20.00

Dsc 1

Dsc shunters refuge's
Set of 4

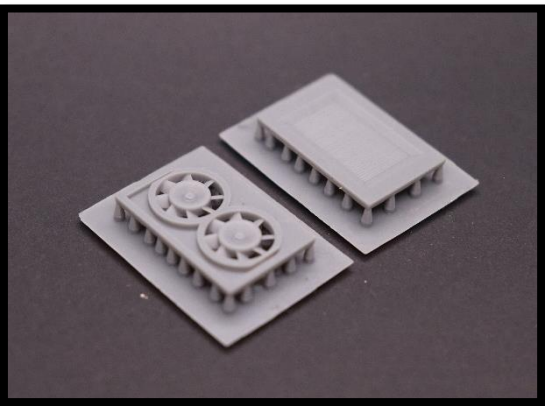

\$20.00

Di 1 –

Di dynamic fan and resistor grid
Online or Rail master versions available

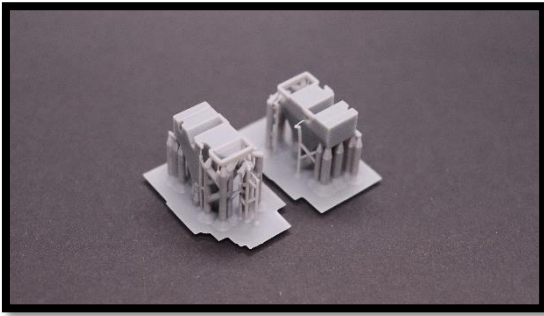

\$20.00

Dj 1

Dj dynamic fan and resistor grid

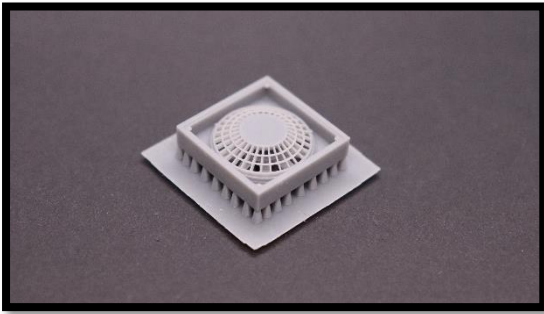

\$18.00

Dc 1

Dc sandbox's
Set of 4

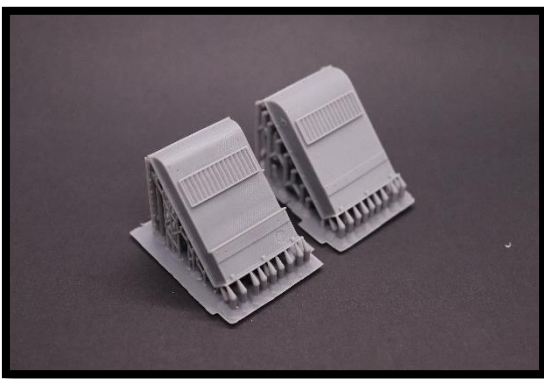

\$20.00

Dc 2

Dc radiator fan
Raised cover style

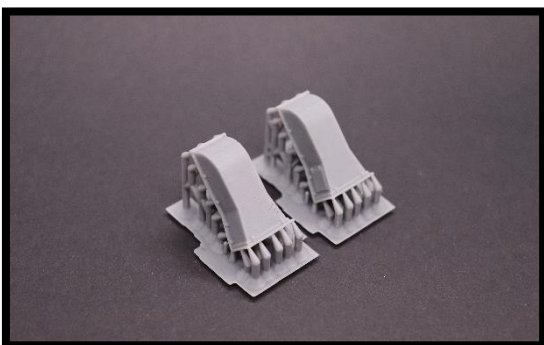

\$12.00

Dxc 1

Dxc Inertia filter ducts
Current style

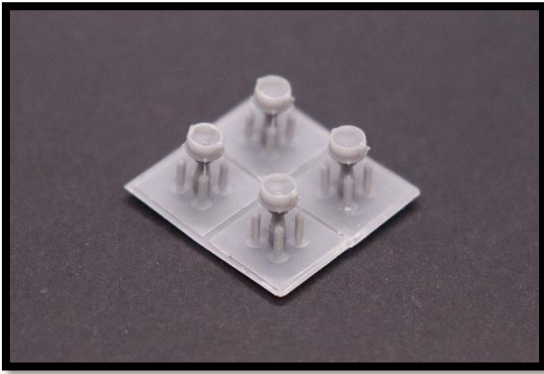

\$30.00

Dxc 2

Dxc engine duct
Current style

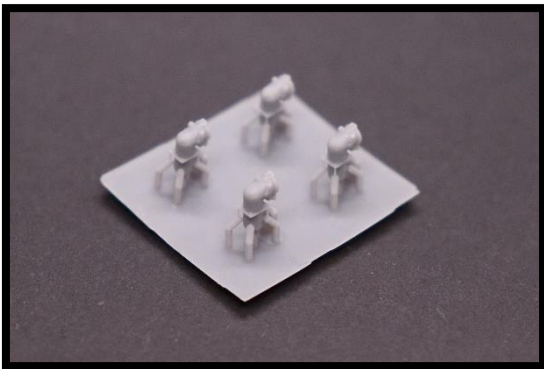

\$15.00

Dp 1

Ditch lights
Set of 4

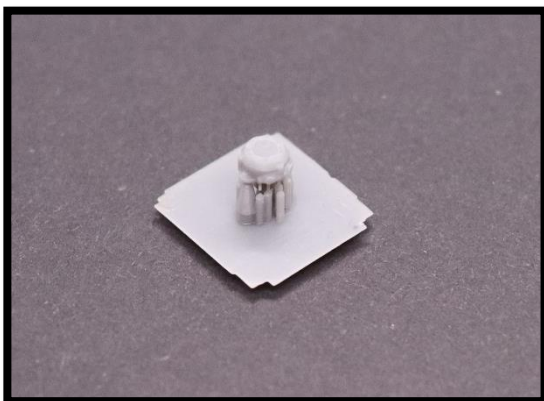

\$6.50

Dp 2

English Electric Style M.U fittings
Set of 4

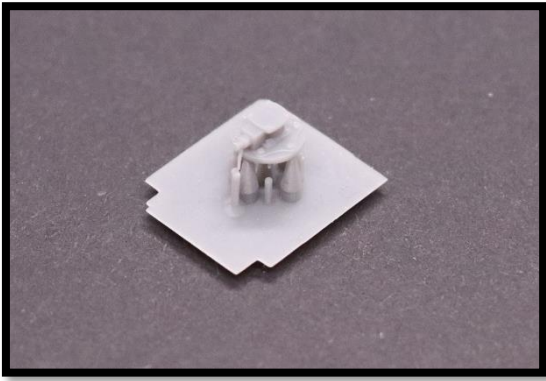

\$6.50

Dp 3

Smiths speedometer wheel adjustment
unit
Suit Da, Dc, Db, Dbr

\$5.00

Dp 4

Smiths Bogie mounted speedo drive
Suit Da, Dc, Db, Dbr

\$5.00

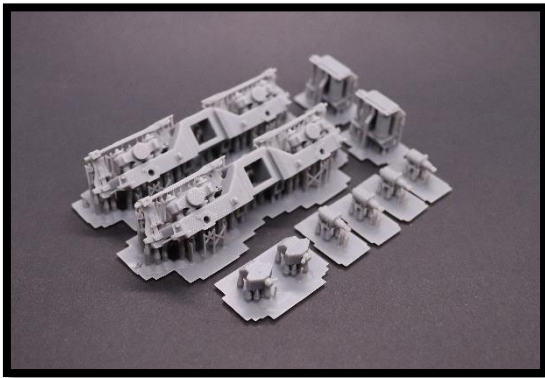

Dp 5

Modern Locomotive cab seats
Set of 2

\$12.00

Locomotive Bogies

B 1

Dsg Bogie set

Designed to fit Northyard bogies

4 x side frames

4x sandboxes

8x brake cylinders

4x centre spring units

\$100.00

B 2

Dx Phase 2 bogie set

Designed to fit Northyard bogies

4 x side frames

12 x brake cylinders

12 x axle boxes

2 x rear bogie frame s sections

2 x handbrake brackets

\$120.00
